

# 77IW OPEN IN WINDOW SYSTEM

Future proof your home with our  
highest performing window

**ALUK**<sup>®</sup>  
Home

# MODERN, MINIMAL AESTHETICS AND HIGH PERFORMANCE

Our highest-performing window meets the most demanding British and European performance requirements in terms of thermal, weathering and security.

With a choice of slim sashes and a range of window configurations, the 77IW / IWE is perfect for contemporary new-build projects. The slim frames allow for a larger glass area which means more light to flood your home.

## MATCH YOUR STYLE

Create your window your way, blend in or stand out, with our range of customisations and colours. From a choice of openings, glazing bars, and leaded glass, to our AluK colour range specifically designed to bring you the latest in colour and textured finishes that give your home that extra level of personalisation.

## LONGEVITY AND RELIABILITY

With excellent air, water and wind resistance test results, this window has been designed to withstand the worst of the British weather. With full PAS 24 and Secured by Design accreditation you can feel completely safe as well as stylish.
